Introduction:
Maintaining Our Gold Standard

The League of Women Voters is known to be expert in conducting voter registration drives.

- It is important we maintain our nonpartisan reputation and avoid even the appearance or perception of being partisan
- It is important we reach out to underserved populations: i.e., people of color, youth, marginalized populations, low voter turnout areas, people with disabilities
- It is important we train volunteers properly
- It is important we build on our successes and collect data

During 2020 when there was a need for social distancing due to COVID, our Leagues throughout the state found new ways to register voters and train volunteers to conduct voter registration drives. By networking with other organizations and groups, especially in underserved communities, by using social media and technology, and by being creative, we reached more people than previously. Even when there is no longer a need to social distance, in addition to holding in-person registration events, Leagues are encouraged to build upon the successful networking techniques and registration drives developed in 2020.

Voter registration events may be in-person, virtual or a combination of both. When planning for voter registration drives, consider the time, the place, and whether your League will run and staff the drive, or train volunteers from other organizations. Decide if volunteers will be collecting completed forms and if so, who will be responsible for getting the forms to the Board of Elections. It is always important to collect data when possible, but particularly at in-person events since you can collect completed voter registration forms or keep track of people present. However, there are ways to collect data when using social media and these should not be overlooked as more and more people will be registering online. Tracking and collecting data on our work is very important, not only for your own internal review, documentation, and sharing, but because of their usefulness in securing grants and of course, keeping us informed at LWVNY! See sample data collecting forms on pages 18-21.

In this Toolkit, there is a wealth of suggestions to help plan and implement voter registration drives. Included are samples and templates for these drives. More samples, including Powerpoint presentations for training of other organizations, Public Service Announcements (PSAs) and more are also available on the state League google drive:

Diversity, Equity and Inclusion
In planning and implementing these activities to encourage people to vote, Leagues should ask themselves a few questions to ensure that they are including and reaching out to all people in their communities.

- Who is involved and how diverse is the group planning and implementing this activity?
- Are key stakeholders meaningfully included?
- Is this work that impacts a group or community? If so, is their voice represented?
- How diverse is the group of decision makers? Is it diverse enough?
- Who will be impacted by this activity?
- Does this help us meet the needs of underserved voters?
- Have we considered various, specific marginalized groups and how they might be impacted?
- How might this be perceived by others?
• Does this align with our vision for an equitable and inclusive organization?
• How is equity addressed?
• How does this impact the League’s culture?
• What changes could be made to make this more equitable?

INSTRUCTIONS FOR FILLING OUT THE NYS VOTER REGISTRATION FORM

**Note: form must be completed in blue or black ink only. Avoid making errors or corrections.**
The numbers below refer to the question number on the NYS Voter Registration Form

1. Check yes or no. (*U.S. Citizen means either by birth or naturalized.*)

2. Check yes or no. (Must be US citizen)
   You can register to vote if you are 16-or older, with the understanding that you must be 18 years of age by election day to vote. Until you are 18 your application will be marked “pending” and you will be unable to cast a ballot until you are 18.

3. Enter all requested information. (*Suffix refers to Jr., Sr., II, etc.*)

4. Date of birth: use numbers for your month, day and year. For example, if your birthday is July 1, 1975, write: 07/01/1975.

5. This field is optional.

6. “Telephone” is optional; you do not need to supply this information, but if there is a question about your form, your identity, your residence etc. your County’s BOE can then contact you by phone.

7. This field is optional.

8. Address where you live. Be sure to indicate the name of your County.

9. Mailing address. Fill in only if it is different from your home address (a box number, etc.).

10. Check “yes” if you have voted before, even if in another state or other NYS County.

11. Fill in the most recent year you voted before or enter a “?” if you don’t remember.

12. If you voted before under a different name, a different address and/or in a different NYS County, write down what the old information was.

13. You must check one box. If you don’t provide the last four digits of your SSN, or DMV number, you must bring verifiable ID information (*a valid photo ID, a current utility bill, bank statement, paycheck, government check or some other government document that shows your name and address*) the first time you vote.

14. Check only one box, either the box next to the party of your choice, or the box next to “I do not wish to enroll in a party.” Only voters registered in a particular party can vote in that party’s primary. Choosing a party does not require you to vote for that party’s candidate in the general election. You do not need to enroll in a party.

15. Two optional boxes: Check the appropriate box to request an absentee ballot application, or to indicate that you want to be an Election Day worker.

16. Read, sign, and date.

Reverse side of NYS voter registration form includes mailing addresses for all NYS County Boards of Elections (BOE). Completed form MUST be mailed to the County BOE of the voter’s address. (Note that all 5 NYC boroughs mail to the Broadway address)

Consider becoming an Organ Donor. New York has the third highest need for donors in the US, yet the second lowest percentage of registered donors. Complete form on the reverse side.

If you do not receive a Confirmation of Registration from your local Board of Elections within a reasonable time after mailing your registration form, call them to make sure your application was received. Local Boards of Elections send registered voters a non-forwardable postcard prior to the election to verify their residence, and to inform them of the location of their polling place. If you do not receive this card, call your Board of Elections to make sure there is no problem with your registration.
NYS Political Parties at a Glance

Parties are listed in the order in which they appear on the voter registration form and ballot. Information provided by each political party.

Democratic (https://nydems.org)
Established in 1792, the NYS Democratic Party is proud to be part of the oldest political party in the US. Its core values align with liberal ideology: ensuring economic opportunities for all, affordable education, criminal justice reform, quality and accessible healthcare, environmental leadership, and guaranteeing LGBTQ and Women’s Rights. NYS is the birthplace of the women’s rights movement and we continue to lead the fight today.

Republican (https://nygop.org)
We are the party of taxpayers and individual liberty. We believe in American exceptionalism, the promise of the American dream and in the Constitution as our enduring covenant. We believe that all are created equal, endowed by their Creator with inalienable rights of life, liberty, and the pursuit of happiness. We believe in limited, effective, efficient government that respects taxpayers.

Conservative (https://www.cpnys.org)
The NYS Conservative Party, founded in 1962 is dedicated to individual freedom, personal responsibility, the protection of traditional American values of capitalism and the rights that we are all guaranteed under our constitution. To that end, we support lower taxes, smaller government, pro-growth economic policies focused on job creation, a strong national defense and support for law enforcement.

Working Families (https://workingfamilies.org)
We elect leaders who put workers over bosses and people over the powerful. We want to build a New York for the many, not the few. One where everyone can thrive, no matter what you look like, where you were born, who you love, or how much money is in your pocket. Where we can all be free.
